The following resolution was presented to the consideration of the Board of Mr. Smith.

Whereas, the attention of this Board has been called to a movement lately inaugurated, to incorporate a new village within the limits of the Town of Cheektowaga and whereas, four fifths of the territory to be included in the proposed new village is farm property occupied by farmers, who depend on the tilling of their farms for the livelihood and whereas, ninety per cent of the residents and ninety nine per cent of the tax payer outside of the Village of Sloan, (Which is already an incorporated Village) are opposed to said incorporation and whereas, Four fifths of the territory proposed to be included in said proposed village, would not be benefited by such incorporation, but on the contrary would be severely damaged thereby.

Therefore be it resolved, that the Board deems the incorporation of such proposed village, inopportune, unwise and impolitic also detrimental to the best interest of the majority of the residents and taxpayers of said territory and

Resolved that a copy of this resolution be forwarded to a Senator the Hon. Geo A. Davis and to an assemblyman the Hon. John K. Valton, with a request to use their best efforts to thwart and defeat such unwise legislation.

Pursuant to the publication a hearing was had on the application of the Buffalo Southern Railway Company to build, maintain and operate a street, surface, railway upon and along the Loosen Road, so called, from its intersection with the Union Road to the Easterly line of Cheektowaga, Township. Present: Wildy, Smith, Fossett, Forster, Werrick, Ryan and Kless.

Mr. Lein in behalf of the Buffalo Southern Railway Company a franchise for his company on the aforesaid highway, attorney B.D. Jackson spoke in opposition to the granting of a franchise at the present time as thought the Town of Cheektowaga would be able to exact a more satisfactory agreement in the near future from companies seeking franchises than at present.

Attorney Cook opposed the application of the Buffalo Southern Ry Company on the ground that the Buffalo Subway Railway Company which be represented had a prior application for the same franchise and in the further ground that his company was in a position to offer the Town of Cheektowaga more valuable concessions in return for a franchise on the above highway.

Mr. Stanley Steiser a taxpayer spoke in favor of granting a franchise to Buffalo Southern Railway Company. Mr. Fred Keeb spoke in favor of the same company.

There were a number of taxpayers present who opposed the granting of a franchise to the Buffalo Southern Ry Company and a goodly number of other who were opposed to the granting of a franchise to either corporation.

As it did not appear quite clear as to what attitude a majority of the property owners assume the Board adjourned.
