Said bonds are issued to pay the cost of increasing and improving the facilities of Sewer District No. 5 of said Town, pursuant to the Town Law and the General Municipal Law.

\$40,000 Sewer District No. 6 Bonds, maturing \$2,000 on July 1 in each of the years 1942 to 1961, both inclusive. Said bonds are issued to pay the cost of constructing a sewer system for Sewer District No. 6 of said Town, pursuant to the Town Law and Chapter 213 of the Laws of 1941.

All of said bonds shall be dated July 1, 1941, of the denomination of \$1,000 each, and shall bear interest at a rate not exceeding five per centum per annum, payable semi-annually January 1 and July 1. Both principal and interest shall be payable in lawful money of the United States of America, at the Manufacturers and Traders Trust Company, Buffalo, New York, with New York exchange. Each bid must be for all of said bonds and state a single rate of interest therefor. Unless all bids are rejected the award will be made to the bidder complying with the terms of sale and offering to purchase said bonds at the lowest rate of interest, not exceeding the rate above specified, stated in multiple of one-quarter or one-tenth of one per centum per annum

without reference to premium, provided however that if two or more bidders offer to purchase said bonds at the same lowest rate of interest then such award will be made to the bidder offering the highest premium. The right is reserved to reject any or all bids. Each bid must be enclosed in a sealed envelope addressed to the undersigned Clerk and marked on the outside "Proposal for Bonds" and must be accompanied with a certified, or bank, or trust company check to the order of the Town of Cheektowaga for \$6,900 to secure the Town against any loss resulting from the failure of the bidder to comply with the terms of his bid. No interest will be allowed on the amount of the good faith deposit.

In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be taxable by the terms of any Federal income tax law, the successful bidder may, at his election, be relieved of his obligations under the contract to purchase the bonds and in such case the deposit accompanying his bid will be returned.

The periods of probable usefulness of the improvements for which said bonds are issued, are as follows:—increase and improvement of facilities of sewer system in Sewer District No. 5—twenty years; construction of sewer system for Sewer District No. 6—thirty years.

heretofore referred to you?

Doctor: I have.

QUESTION: Can you state, to the Committee, that the condition of the property
is such that it is a menace to the Public Health?

Doctor: No.

QUESTION: What is the condition of the property in regards to Public Health?

Doctor: The property could be called a nuisance in the neighborhood and there
are a number of things which are unsightly and detrimental to the
appearance of the neighborhood, which consist of an outside toilet,
a pig sty, some chicken and duck coops.

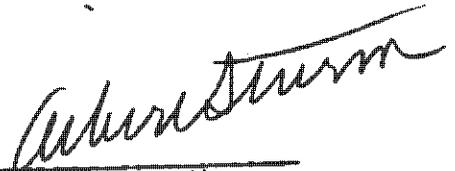

QUESTION: Would you say this existing condition is a menace or a nuisance to
Public Health?

Doctor: A Nuisance.

The following as stated by Attorney, Carlton A. Fisher:

As I understand it the only drainage into the open is drainage from sinks and drainage from wash water. After hearing the testimony of Dr. Chester J. Nadolny and after a personal inspection by the Committee, it was recommended that on the evidence taken and on the observation made, that the Board of Health, take no further action other than to request to make every possible attempt to remedy this existing condition, regarding standing water and to remedy the existing condition of the overflowing of the septic tank. The Committee further recommends that the Board of Health is not to act upon this matter until such time that the complainants be notified and heard further before the entire Board of Health at the next meeting, to be held after the regular meeting on September 22nd, 1941, at 4:00 o'clock P. M. and the Town Clerk is directed to notify the complainants of the time and place of the meeting.

No further business being presented before the Board of Health, and on motion of Councilman Pawlak seconded by Councilman Ladwinker the Board of Health adjourned.
