Rev. Robert Reiter, Assistant Pastor of Holy Redeemer R.C. Church opened the meeting with prayer.

Item No. 2 Supervisor Weber presented the following resolution and moved its adoption:

1. Since the Town of Cheektowaga is gaining national fame as the home of many international industries, and is the location of the Airport serving the more than one million residents of Erie County, and over two million residents of Western New York, it is desirable to have created a new seal for our Town which will serve to identify our community with our past, our present, and our future.
2. The present Seal, very appropriate in honoring our history and our Indian heritage, does not give the world a proper recognition of all that our Town stands for.
3. Therefore, it is appropriate that a new seal, showing the following symbols incorporating our Indian heritage, our name-source, our industry, our participation in future national goals, and our intermixture of residential, commercial, industrial, and institutional living.
4. The Description of the Proposed Seal for the Town of Cheektowaga, is as follows:
 - The Indian - refers to the early history of Cheektowaga as a hunting ground for the Seneca Tribe.
 - The Crabapple Tree - symbolic of the Indian name "JI-IK-DO-WAH-GAH", meaning "land of the crabapple trees."
 - The Air Ship - a symbol of flight, attests to the many industries of Cheektowaga that hinge on air and space research and development. Also, symbolic of the International and Becker Airports and Twin Coach Industries, manufacturers of aircraft.
 - The Moon Symbol - suggests the future industries that will grow out of the present space research programs carried out by many Cheektowaga industries.
 - The Architectural Complex - the successful co-existence of industry, business and homes. The sign of a healthy, prosperous and growing community.

Item No. 2 cont'd

5. The Sample Seal, as submitted by Armento Architectural Arts, Inc., of 1011 Military Road, Buffalo, New York, 14217, be adopted as the seal to be affixed on our new Police-Court Building, and be reproduced on all documents and correspondence originating in all departments of our Town government, and that all industries located within our Town be encouraged to do so as well.

WHEREAS, the New York State Thruway Authority has indicated that it
is making available air space above the Governor Thomas E. Dewey Thruway right-of-way

kets, department stores, hotels and motels, and has indicated the availability of
such air space in this area between interchanges 50 and 53 near the easterly Buffalo
city line, construction of which enterprises would adversely affect the local economy
because the properties would be tax free and the air space would be available at less
cost than local business men would have to pay for comparable privately owned land,

that this Town Board vigorously opposes the aforementioned use of the
air space of the Governor Thomas E. Dewey Thruway in this area and request the New
York State Thruway Authority to immediately withdraw from the market such air space

FURTHER RESOLVED, that a certified copy of this resolution be sent by

The Zoning Board of Appeals conducted a public hearing on April 19, 1967, after proper notice to all proper parties. No one appeared in opposition to the rezoning.

The Members of the Zoning Board of Appeals subsequently inspected the premises and the applicant having submitted a letter to the Town Clerk consenting to the change from a request for Second Industrial to a First Industrial, and the Board realizing that Second Industrial rezoning would not be necessary and that it would not be in the better interests of the Town to grant Second Industrial and being of the opinion that the premises are suitable for First Industrial purposes and in a First Industrial area and such rezoning would not be detrimental to other property owners in the area, recommend that the application be granted; NOW, THEREFORE,
