Supervisor Benczkowski Announces Yard Waste And Grass Clipping Pickup Will Resume On July 6th

Cheektowaga, NY – Town Supervisor Diane Benczkowski is pleased to announce that Cheektowaga's Sanitation Department will be able to resume grass clipping and yard waste pickup as of July 6th. Both grass clippings and yard waste can be placed in biodegradable bags or open containers, but any larger tree branches should be bundled together and left at the road. As in previous years, residents can leave their lawn refuse by the road and will no longer have to drive them to the Sanitation Department.

Supervisor Benczkowski added: "These have been difficult times for us all, and we understand how frustrated residents were to not be able to have their grass clippings and yard waste picked up due to circumstances out of their control. We are now able to resume this service that so many residents, especially our seniors, rely on to maintain their properties. We thank Cheektowagans for their cooperation during this period of uncertainty."
