2022 PROGRAM YEAR

U.S. DEPARTMENT OF HOUSING & URBAN DEVELOPMENT

JUNE 2023

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan.

91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

During the 2022 program year, there was again, substantial progress in reaching many of our planned activity goals primarily with our Housing Rehabilitation program, public services, job creation, and the continuation of neighborhood infrastructure improvements. The overarching goal of our CDBG program, as included in the Consolidated Plan, is to develop viable communities by providing decent housing, preserving existing affordable housing stock, creating suitable living environments, and expanding economic opportunities through new job creation and retaining existing jobs primarily for low- and moderate-income persons. In addition, the primary goal of the HOME Consortium's five-year strategic plan is retaining the supply of affordable existing owner-occupied housing. Housing rehabilitation has consistently been the Town's primary means of achieving these goals, utilizing both CDBG and HOME funds. During the 2022 program year, rehabilitation of 19 owner-occupied housing units were completed with CDBG funds, and 9 with HOME funds.

In an effort to improve not only the affordable housing stock in the Town of Cheektowaga, but also our low-moderate income neighborhoods, we continue our commitment to preserving, improving, and investing in the quality of our neighborhoods. A much needed, complete overhaul of Cedargrove Park was performed, replacing sidewalks, playground equipment, sport courts, improving drainage, replacing park shelters, and installing a security camera to not only increase neighborhood safety, but also aid in protecting our investment in the park. In addition, CDBG funds were utilized for new curbing on Wallace Avenue in conjunction with the Town executing a complete street overhaul, sidewalk replacement in the Village of Depew, and curb replacement in the Village of Sloan. Finally, CDBG-CV funds were utilized to install a park shelter at Winston/Vegola Park giving our Youth and Recreation Department a place to host summer lunches and other activities for neighborhood children.

Additional gains toward goals were also seen in the Public Services sector through assisting victims of Domestic Violence, Senior Citizens, Youth, and Police. A total of 14 children were assisted in 2022 through the summer day camp financial aid program, which enables children from ages 4 through 12, of low-moderate income families to attend summer day-camp free of charge. This opportunity provides organized, supervised daily activities for a six-week period during the summer, and eases the cost burden of day-care, enabling parents to pursue employment and attempt to improve their economic status. In addition, we are proud to provide funding to the Cheektowaga Boys & Girls Club, which provides the same organized, supervised daily activities, but after school, throughout the school year. 45 children were assisted through this partnership. Lastly, due to the ongoing results of the COVID Pandemic on the housing and rental market, we saw a 125% increase in planned assistance through our Fair Housing Services partnership and Housing Counseling Program in excess of what was

planned.

Finally, at a time when the job market faced so many challenges, the Cheektowaga Economic Development Corporation (CEDC) was able to not only exceed its job creation goal for the 2022 program year, but also for the Consolidated Plan 5 year period with the creation of 62 jobs. In an effort to continue this positive trajectory, the CEDC continues to market its services to local businesses via the launching of a brand new website, and a continued partnership with the Cheektowaga Chamber of Commerce.

CAPER

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The Town of Cheektowaga’s Annual Plan emphasizes housing, public services, and neighborhood revitalization as primary needs to assist low-moderate income individuals and families. During the 2022 program year, CDBG funding, along with CARES Act Funding was utilized for low-mod neighborhood improvement projects, housing rehabilitation loans, and public services. Neighborhood improvement projects and housing rehabilitation loans continue to contribute to the enhancement of neighborhoods and elimination of possible blighting influences. An amount of \$694,416.51 was expended on the infrastructure projects mentioned above. In addition, CDBG funds totaling \$334,617.70 were provided for Housing Rehabilitation Loans assisting 19 housing units.

As in past years, CDBG Entitlement funds were utilized for various public services, including Summer Day Camp Financial Aid, funding to the Cheektowaga Boys & Girls Club, Housing Counseling Services, Police Foot Patrols, Domestic Violence Counseling Program, Senior Outreach Services, and Village of Depew Senior Center Operations and Programming. New to the 2022 program year, and in response to the increased need for tenant representation with Fair Housing issues, CDBG funds were provided to a local not-for profit to provide information and representation relating to Fair Housing issues. Finally, CARES Act funding was provided for public services due to continued food insecurities, foreclosure and eviction issues resulting from the Covid Pandemic, continued senior isolation issues, and the many issues businesses continue to face as a result of the pandemic. Now that the eviction moratorium had ended and the NYS Emergency Rental Assistance Program (ERAP) had ended, the primary focus of CDBG-CV funds in the 2022 program year was to provide all the necessary supports for those with housing issues as a result of the pandemic. We provided funding for additional housing counseling services to assist with application completion for all housing programs available, financial coaching, and free legal services to those facing foreclosure as a result of the pandemic, as well as those facing evictions and tenant/landlord issues. As previously mentioned, we also continued to support our youth and seniors to help mitigate the mental health issues that could result from such trying times.

Narrative

Families are served through Town of Cheektowaga programs on a first-come, first-served basis. An additional 1,637 persons were assisted with CDBG and CDBG-CV program funds, however they are of mixed races and not reflected in the race portion of the families assisted table above.

Communities are primarily white with the exception of several census tracts shown statistically to have areas with a high concentration of racial or ethnic minorities in the northwest and western central areas of the Town. During the 2022 Program year, the Town continued to place great emphasis on outreach to inform those in need of our programs. In addition to our regular outreach events in partnership with local food pantries, new this year, we partnered with several local school districts to attend their open houses with literature relating to all the services available to residents in need.

Narrative

The identified low-moderate targeted neighborhood of Cedargrove Heights saw a much-needed complete overhaul of its neighborhood park. Everything was replaced including playground equipment, a park shelter, sport courts, sidewalks, and drainage improvements were also made. In addition, curbs were replaced on Wallace Avenue in conjunction with a Town road reconstruction project. Though Wallace Avenue is not in a target area, it is still one of our low-mod neighborhoods.

The Village of Depew utilized funds on capital improvements through public sidewalk replacement on S. Bellevue Aveune, while the Village of Sloan utilized their funds to replace existing deteriorated curbs on Celina Street and Mann Street. The intention of this curb project is to foster a greater sense of safety for pedestrians navigating the neighborhoods, but more importantly for the children and families traveling to Wrazen Park.

Finally, CDBG funds were targeted for use on Housing Rehabilitation Loans with the expenditure of NYS Affordable Housing Corporation (AHC) funds as a matching grant where available. Of the 19 units rehabilitated utilizing CDBG funds, 9 received NYS AHC funds in the form of 60% grant funds and 40% loan funds of the total rehab amount. The grant funds were subject to a maximum 10-year forgiveness period and are only repaid if the rehabilitated property is sold before the full forgiveness period has expired.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The 2022 Program year saw the Town of Cheektowaga wrapping up another successful \$450,000 grant award from the New York State Affordable Housing Corporation, however we

also applied for, and were awarded another similar grant in the same amount to be utilized throughout the 2023 and 2024 program years. These funds have been instrumental in allowing our homeowners to have additional rehab work completed through our program without taking on additional loan funds. These grants are provided to residents in qualified neighborhoods in the form of a 60% grant and 40% loan utilizing HOME and CDBG funds. These funds have also served as a source of the required 25% local Match for HOME funds for the Amherst-Cheektowaga-Tonawanda Consortium. Additionally, regular loan payments remitted on previous loans allow us to continue helping additional residents with their housing rehab needs.

The Town of Cheektowaga is also working in collaboration with the University District Community Development Association, Inc. (UDCDA) as a HUD Community Development Housing Organization (CHDO). Program income derived from previous CHDO projects is utilized on new acquisition/rehab/new construction/resale projects.

Finally, the Town of Cheektowaga provides office space, utilities, auto maintenance and fuel, accounting services, legal services, and other services at no cost to the Office of Community and Economic Development, which manages the HUD programs for the Town.

CR-20 - Affordable Housing 91.520(b)

Table 7 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The number of units accomplished each year is dependent on factors such as number of applicants, availability of contractors, and the ability of contractors to get the work done, all of which are out of the control of the Town. The 2022 program year saw an increased return to normalcy from the COVID pandemic and new staff hired in the previous program year continue to get acclimated to the program and job duties. Both of these factors have increased the number of residents we were able to assist from the previous program year.

Discuss how these outcomes will impact future annual action plans.

Based on the outcomes of the 2022 program year, we continue outreach to contractors not already involved in our program, to recruit them to be a part of our program. In addition, we discovered needs had changed as far as program staff. In the past, the Office of Community Development had a part-time clerk to assist with the day to day activities. It was recently discovered, a part-time Assistant Code Enforcement Officer would be more beneficial in allowing us to assist more residents. As a result, we hired said part-time employee in the second half of the program year, and he has been a tremendous asset to us.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	27	0
Low-income	37	0
Moderate-income	11	0
Total	75	0

Table 8 – Number of Households Served

Narrative Information

Families are served through Town of Cheektowaga programs on a first-come, first-served basis and the range of income types varies from year to year. We continue to stress our Mobile Home Rehab Program and Owner-Occupied Rehab Program to reach the poorer homeowners in the Town and our mobile home parks. We have and will again participate in the Senior Star mailing with the Town Assessor's

office to reach our seniors, many of whom are low-income. As previously mentioned we also continue to execute a large variety of outreach measures to ensure we are informing the greatest number of residents in need.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)
Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Town of Cheektowaga is aware that there are people considered homeless living in Cheektowaga. Occasionally, the Cheektowaga Police Department come across people who are living in tents in wooded areas of the Town. Others that the police interact with also identify themselves as being homeless. Although it would be hard to quantify the number of homeless in Cheektowaga, there have been documented incidents where the Police Department has assisted people that they interact with in finding safe housing. Assistance has ranged from transporting these individuals to the Matt Urban Center, to linking them with service providers in the community who can assist with emergency needs, both mental and physical. In addition, the Police Department partners with Endeavor Health Services to provide behavioral health and crisis intervention services. The role of this individual is to not only provide additional expertise to police officers when responding to calls, but to further assist with linking individuals to necessary services, and to follow-up with people who have had interactions with the police to determine what steps can be taken for them to take positive steps forward.

Addressing the emergency shelter and transitional housing needs of homeless persons

The Town continues to attend monthly meetings with the Homeless Alliance of WNY to better understand the needs associated with the homeless population. In addition, the Town of Cheektowaga Office of Community & Economic Development continues to collaborate with all regional social service agencies via the Cheektowaga Community Collaborative to stay up to date on existing service gaps, and as a result target funding more appropriately.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

Through the U.S. Department of Housing and Urban Development's Section 8 Existing and Project-Based Programs, vouchers are provided to low-income renters, thereby reducing their housing costs. This

program is administered throughout the County of Erie by Belmont Housing Resources for WNY. In addition, the Town maintains a close working relationship with various Social Service Agencies, and makes referrals based on individual's needs.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The Town offers a variety of programs to assist low-moderate income residents to remain in their primary residence. A variety of counseling services are provided through Belmont Housing Resources for WNY, Consumer Credit Counseling, and the Western New York Law Center to address housing needs and make changes to financial conditions to prevent foreclosure and homelessness.

In addition, reducing housing costs can make housing more affordable and thereby prevent homelessness. Community Development Block Grant and HOME Investment Partnership funds have been used to provide low-moderate income homeowners with low or no interest loans to correct minor and major deficiencies and/or code violations on their homes. Using Community Development Block Grant funds, the Town, in cooperation with Supportive Services Corporation, also provides a weatherization program to homeowners for a variety of energy saving improvements. These programs provide low-moderate income homeowners in the Town the funds necessary to make improvements and retain home ownership

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

In 2021, the Town of Cheektowaga adopted an updated version of their Comprehensive Plan, the first in 25 plus years. Moving forward, the Town seeks to harness their assets by modifying current policy and local laws to be more contextually relevant. This will eliminate barriers of development and allow the opportunity for residential neighborhoods to flourish outside the current confines of overarching regulations. Additionally, the Town is seeking to advance the quality of life for residential neighborhoods by investing in local parks and access to more alternative transportation methods.

The Town of Cheektowaga's Comprehensive Plan uncovered a need for more pedestrian and bicycle infrastructure. As a result, GOBike Buffalo has been contracted through the NYS Department of Health's Creating Healthy Schools & Communities program to provide community outreach and engagement, programming and small-scale infrastructure interventions to advance the goal of the Town adopting a complete streets policy and provide a multi-modal transportation network in town.

In addition, the Town of Cheektowaga has sponsored an application under the Restore NY Communities Initiative Municipal Grant Program from the Empire State Development Corporation to assist with the demolition and redevelopment of several vacant parcels, which in turn, will create approximately 93 affordable residential housing units.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The Town of Cheektowaga continues to work with the Cheektowaga Community Collaborative to identify unmet needs and identify solutions for our residents. Regular meetings are held to discuss changing community needs and how they can be addressed through the various social service partner agencies. During the program year, the Office of Community Development took part in the 2nd annual Cheektowaga Community Summit. The purpose of this summit was to present available resources that address social issues, challenges, and pandemic-produced problems to those employed with various social service providers and community members. This summit was again deemed an extreme success, with approximately 100 people in attendance.

Accessibility issues for the frail elderly or for persons with physical disabilities represents another underserved need. In an effort to address this need, the Town continues to offer housing rehabilitation funds for accessibility modifications such as the addition of wheelchair ramps, handicap accessible bathrooms, kitchens, doorways, and/or ingress/egress modifications. In addition, to help keep these costs down for residents, we are looking to partner with Habitat for Humanity Buffalo on these projects, due to the fact that they also have funding available to residents for these purposes.

Finally, bank financing for home repair loans for low- and moderate-income persons reduces the amount of their disposable income with the potential of placing the low- and moderate-income person into poverty via high interest rates and costly payments. Therefore, the Town of Cheektowaga offers low or no interest loans to low- and moderate-income persons to make house improvements, with affordable monthly payments, or the potential for repayment upon sale of the house. This opportunity allows low-income homeowners to utilize their resources in other areas, and still maintain homeownership.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

All applicants for housing rehabilitation loans receive a copy of "The Lead-Safe Certified Guide to Renovate Right", a publication from the EPA, which provides information on the dangers of lead paint hazards and ways to minimize risk associated with them. All residential properties receiving rehabilitation assistance through the CDBG or HOME programs are screened by inspectors as to age of the structure, amount of peeling paint on the property, emergency work status, and whether or not a painted surface will be affected by the proposed rehabilitation work. After screening, a determination is made as to whether the subject property is required to be inspected for lead paint hazards. In most cases, a Risk Assessment is performed.

The hazards identified by the Risk Assessment are incorporated into the work write-up for the project and are addressed by a certified contractor through either interim controls or abatement, depending on the size of the job. Community Development Inspectors have been properly trained in identifying and dealing with lead paint hazards. Contractors participating in the Town's Rehabilitation Loan Program are required to become certified in order to assure the availability of qualified, trained, and competitive rehabilitation contractors.

During the past fiscal year, the Town of Cheektowaga evaluated, and where necessary, remediated lead contamination in 15 residential structures rehabilitated with CDBG and HOME funds.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The Erie County PHA Consortium, through its management agent, Belmont Housing Resources for WNY, operates a Family Self-Sufficiency program. Through this program, families that receive housing choice voucher rental assistance work with coordinators to help them achieve their goals of financial independence including going back to school, getting a better job, finding full-time employment, improving their credit, or purchasing a home. Some of the associated services include one-on-one credit counseling, help with creating a budget, job search assistance, financial education workshops, homeownership counseling, and/or referrals to agencies based on individuals needs.

In response to the economic hardships experienced by businesses resulting from the COVID-19 pandemic, the Town continued its Back to Business grant assistance program with CARES Act funds for businesses negatively impacted by the pandemic. This program was not only meant to assist businesses

to expand or reestablish themselves as COVID restrictions were lifted, but there was a job creation component meant to create job opportunities that would not be available otherwise. During the program year, 3 low-mod business owners were assisted and 6 jobs were created.

In addition, the Cheektowaga Economic Development Corporation provides financial assistance to small/medium-size businesses that are relocating to or are expanding present operations within the Town and will create new employment opportunities for low-to-moderate income individuals. Though no new loans closed in the 2022 program year, 62 jobs were created in the program year as a result of previous loans issued.

Finally, the Town continues to offer low interest or deferred payment loans to low- and moderate-income homeowners to make necessary home repairs. This program reduces the cost of home maintenance, so that the homeowner's limited funds may be used for other needs.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The staff of the Community Development Office are continuously attending trainings, informational workshops, and conferences sponsored by HUD or HUD consultants regarding compliance, reporting, and regulatory issues. Such training opportunities have reinforced the Town's capacity to ensure compliance with program and planning requirements. Staff members have also attended sessions to identify other funds that may be available to supplement HUD funds.

In addition, staff has recently began attending informational trainings offered by social service partners to better understand the big picture of what is going on in our community. This program year staff attended a webinar addressing a community driven approach to food insecurities, advancing racial equity through supporting developers of color, and took part in Governor Kathy Hochul's Western New York internet and digital equity listening session, in which all participants were encouraged to share their thoughts on what the causes of internet and digital inequalities are in their region.

Finally, open conversations with not only local HUD staff, but also other community development professionals has served to strengthen the Town's compliance capabilities. The three Directors from the Amherst-Cheektowaga-Tonawanda HOME Consortium converse on a regular basis to review project status, discuss compliance issues, problems, and innovative programs.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

To improve coordination between public and private housing and social service agencies, the Town's offices of Community Development, Senior Services, and Youth Services continue to participate in the Cheektowaga Community Collaborative (C3). This group continues to meet on a regular basis with local non-profit agencies and representatives from the local educational community (school districts and Villa Maria College) to detect potential gaps in services and educate each other about available service

solutions.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The 2020 Analysis of Impediments to Fair Housing was created jointly through the efforts of the County of Erie, City of Buffalo, the Amherst-Cheektowaga-Tonawanda HOME Consortium, and the Town of Hamburg. In the report, the consultants identified a number of impediments and goals for overcoming those impediments. The Town's effort to address those issues are discussed below.

1. Suggested actions for expanding housing choice for members of the protected classes and other low-income households to areas outside of racially/ethnically concentrated areas of poverty include review zoning and land use to expand properties available for higher density/multi-family housing where appropriate, reduce minimum lot sizes for duplexes and multi-family development to reduce this as a barrier to development of these properties, and consider allowing duplex development without architectural approval to reduce potential for delay and opportunities to deny this type of development. In an effort to address this goal, the Town of Cheektowaga is exploring the possibility of partnering with another local not-for profit to build modular homes at a reduced rate, that will fit on the smaller lots in the Town, therefore increasing not only the affordable options available, but allowing the Town to utilize vacant lots, that may otherwise not be feasible for new construction.
2. In an effort to continue to improve the quality of life in racially or ethnically concentrated areas of poverty through continued and/or expanded rehabilitation assistance, the Town applied for and was awarded another \$450,000 grant from the New York State Affordable Housing Corporation for the purpose of housing rehabilitation in these concentrated areas of the Town. The funds will be provided to eligible homeowners in conjunction with HOME and CDBG funds, and will be given in the form a 40% loan, 60% grant format. In addition, CDBG Funds continue to be invested in these areas for infrastructure improvements in an effort to enhance safety and outward appearance in these neighborhoods.
3. In an effort to expand education and outreach efforts, the Office of Community Development took part in the 2nd annual Cheektowaga Community Summit, mailed letters to individual residences affected by proposed capital projects and included program brochures, and took part in several school district open houses, with the purpose of educating as many families as possible about the programs supported with CDBG funds.
4. Our final goal is to support homeless service providers and the expansion of housing opportunities by reviewing ordinances to ensure transitional housing and other services are allowed in appropriate areas and provide additional support to homeless service providers. In an effort to achieve this goal, the Office of Community Development takes part in monthly meetings with the Homeless Alliance of Western New York to fully understand the issues at hand and what we can do to aid in the elimination of said issues.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The Town monitors its sub-recipients and housing development agencies on an on-going basis, utilizing a project/activity checklist and a project control form to ensure compliance with program regulations. This along with on-site reviews are used to conduct performance evaluations and ensure annual compliance with the regulations. In addition, staff members have spent substantial hours reviewing and updating program policies and procedures, and created a sub-recipient manual to improve the management of our programs.

The Community Development Office also provides close oversight of several of our sub-recipients, including the Village of Depew, Village of Sloan, and the Cheektowaga Economic Development Corporation. Such close oversight consists of Town staff involvement with project planning and continuous conversations throughout project execution. We have also created a sub-recipient manual for these entities to provide additional opportunities for preventing compliance problems before they occur.

In response to minority business outreach, on an annual basis when trying to recruit new contractors to be a part of our program, the Office of Community Development obtains the New York State certified minority contractors list and mails letters requesting said contractors participate in our program.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The Town notifies citizens of the availability of the draft CAPER report through a notice published on the Town of Cheektowaga website, in the Cheektowaga Bee, the Town's official newspaper, and on Town Social Media sites. The Cheektowaga Bee is available free to the public in libraries, public buildings, commercial establishments, and at various street corner boxes.

The notice in the Cheektowaga Bee advises the public of the two annual public hearings about the Community Development programs and of the availability of the draft CAPER for review in both local libraries, the Town Clerk's Office, the Villages of Depew and Sloan Clerk's Office, and the Community Development Office. Public access to the CAPER is enhanced by posting this document on the Town's website for easy access at www.tocny.org under the Community Development Department page.

In accordance with our Citizen Participation Plan and the regulations, the documents filed identify the Federal funds available and spent, both grant and program income, and other required information. The CAPER narrative identifies cost by low-income area.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

Over the last couple of years, the priorities of the Town continue to focus on assistance to basic human services, such as food pantry assistance, outreach assistance for senior citizens, youth programming, and housing support services. In addition, the Town has seen an uptick in the need for the Emergency Housing Rehabilitation Loan Program. As a result the Office of Community and Economic Development, continues to fund public services to its maximum capability and focuses its rehab efforts on those residents with housing emergencies as defined in our policies and procedures, and maintains approximately a one year wait list for our Moderate Housing Rehabilitation Program. Moving forward, the Town plans to apply for additional New York State Affordable Housing Corporation Grant funding and allocate additional CDBG and HOME funds to help more residents on the wait list. In addition, the Office of Community and Economic Development hired a part-time Assistant Code Enforcement Officer to help full-time staff operate the Housing Rehabilitation Program.

Focus also continues on the acquisition/rehabilitation/resale to first-time homebuyers program in many of the neighborhoods bordering the City of Buffalo through the HOME Investment Partnership Program. Existing single-family homes are acquired from banks, negligent property owners, and sometimes with the assistance of the Buffalo Erie Niagara Land Initiative Corp. (Land bank) via the annual Erie County tax foreclosure auction. The land bank acquires such properties on the Town's behalf with their super bid ability (first right to acquire) and sells it to the Town for current value. This program turns delinquent, vacant, and dilapidated properties into fully renovated affordable housing for purchase by a low/moderate income family. Where able, we acquire vacant lots to combine and build new homes for sale to low/moderate income families. We have limited HOME First-Time Homebuyer assistance for our Acquisition/Rehab/New Construction/Resale Program for such properties, thus better assuring sustainability. Moving forward the Town is exploring the possibility of partnering with another not-for-profit agency to build modular homes in an effort to keep costs down, therefore increasing affordability to first-time homebuyers.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No
