

***TOWN OF CHEEKTOWAGA  
COMMUNITY DEVELOPMENT  
BLOCK GRANT PROGRAM***

***CONSOLIDATED ANNUAL  
PERFORMANCE & EVALUATION  
REPORT***

***2023 PROGRAM YEAR***

## **CR-05 - Goals and Outcomes**

### **Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)**

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

During the 2023 program year, there was again, substantial progress in reaching many of our planned activity goals primarily with our Housing Rehabilitation program, public services, job creation, and the continuation of neighborhood infrastructure improvements. The overarching goal of our CDBG program, as included in the Consolidated Plan, is to develop viable communities by providing decent housing, preserving existing affordable housing stock, creating suitable living environments, and expanding economic opportunities through new job creation and retaining existing jobs primarily for low- and moderate-income persons. In addition, the primary goal of the HOME Consortium's five-year strategic plan is retaining the supply of affordable existing owner-occupied housing. While our CDBG goal for Housing Rehabilitation was 25 housing units, and only 16 were completed, another 10 were completed utilizing HOME funds, for a total of 26 housing units rehabilitated in the program year.

In an effort to improve not only the affordable housing stock in the Town of Cheektowaga, but also our low-moderate income neighborhoods, we continue our commitment to preserving, improving, and investing in the quality of our neighborhoods. The 2023 program year, saw completion of the Cedargrove Park overhaul, Pedestrian Safety Improvements on Eggert Road, work began on the new ADA compliant Alexander Community Center elevator, curbs were replaced on Lemoine Avenue, and the Peach Tree Road neighborhood saw sidewalk replacement and drainage improvements. Both the Lemoine Avenue and Peach Tree Road neighborhood projects were done in conjunction with complete street overhaul by the Town Engineering Department.

Additional gains toward goals were also seen in the Public Services sector through assisting victims of Domestic Violence, Senior Citizens, Youth, and Police. A total of 18 children received financial aid to attend the Town of Cheektowaga Summer Day Camp Program free of charge. This opportunity provides organized, supervised daily activities for a six-week period during the summer, and eases the cost burden of day-care, enabling parents to pursue employment and attempt to improve their economic status. In addition, we are proud to provide funding to the Cheektowaga Boys & Girls Club, which provides the same organized, supervised daily activities, but after school, throughout the school year. Lastly, 248 people were assisted through our Fair Housing Services partnership and Housing Counseling Program. This number represents 134.05% of what was originally planned for these activities.

**Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.**

The Town of Cheektowaga’s Annual Plan emphasizes housing, public services, and neighborhood revitalization as primary needs to assist low-moderate income individuals and families. During the 2023 program year, CDBG funding, along with CARES Act Funding was utilized for low-mod neighborhood improvement projects, housing rehabilitation loans, and public services. Neighborhood improvement projects and housing rehabilitation loans continue to contribute to the enhancement of neighborhoods and elimination of possible blighting influences. An amount of \$810,627.06 was expended on the infrastructure projects mentioned above. In addition, CDBG funds totaling \$405,463.50 were provided for Housing Rehabilitation Loans assisting 16 housing units, and \$334,938.89 in HOME funds assisted 10 housing units.

As in past years, in an effort to increase our residents quality of life, CDBG funds were utilized for various public services, including Summer Day Camp Financial Aid, funding to the Cheektowaga Boys & Girls Club, Housing Counseling Services, Fair Housing Education and Counseling, Police Foot Patrols, Domestic Violence Counseling Program, Senior Outreach Services, and Village of Depew Senior Center Operations and

Programming.

### Narrative

Families are served through Town of Cheektowaga programs on a first-come, first-served basis. An additional 104 persons were assisted with CDBG program funds, however they are of mixed races and not reflected in the race portion of the families assisted table above.

Communities are primarily white with the exception of several census tracts shown statistically to have areas with a high concentration of racial or ethnic minorities in the northwest and western central areas of the Town. During the 2023 Program year, the Town continued to place great emphasis on outreach to inform those in need of our programs.

### Narrative

The identified low-moderate targeted neighborhood of Walden Avenue saw much-needed storm sewer improvements, as well as sidewalk replacements. In addition, curbs were replaced on Lemoine Avenue in conjunction with a Town road reconstruction project. Though Lemoine Avenue is not in a target area, it is still one of our low-mod neighborhoods.

In addition, CDBG funds were targeted for use on Housing Rehabilitation Loans with the expenditure of NYS Affordable Housing Corporation (AHC) funds as a matching grant where available. Of the 16 units rehabilitated utilizing CDBG funds, 3 received NYS AHC funds in the form of 60% grant funds and 40% loan funds of the total rehab amount. The grant funds were subject to a maximum 10-year forgiveness period and are only repaid if the rehabilitated property is sold before the full forgiveness period has expired.

## Leveraging

**Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.**

In the 2023 Program, the Town of Cheektowaga was awarded another \$450,000 grant from the New York State Affordable Housing Corporation to be utilized over the 2023 and 2024 program years. These funds are provided to residents in qualified neighborhoods in the form of a 60% grant and 40% loan utilizing HOME and CDBG funds, and are instrumental in allowing our homeowners to have additional rehab work completed through the program without taking on additional loan funds. In addition, these funds serve as a source of the required 25% local Match for HOME funds for the Amherst-Cheektowaga-Tonawanda Consortium.

In an effort to assist a larger number of homeowners, some housing rehabilitation loans require regular monthly loan payments. This allows us to turn funds around quicker, and help a larger number of homeowners with their housing rehab needs.

With the intention of expanding affordable housing opportunities in the Town of Cheektowaga, the Office of Community Development works in collaboration with the Buffalo Erie Niagara Land Improvement Corporation (BENLIC) and University District Community Development Association, Inc. (UDCDA) as a HUD Community Development Housing Organization (CHDO). Program income derived from previous CHDO projects is utilized on new acquisition/rehab/new construction/resale projects.

Finally, the Town of Cheektowaga provides office space, utilities, auto maintenance and fuel, accounting services, legal services, and other services at no cost to the Office of Community and Economic Development, which manages the HUD programs for the Town.

## CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

Table 7 – Number of Households Supported

**Discuss the difference between goals and outcomes and problems encountered in meeting these goals.**

The number of units accomplished in our Housing Rehabilitation Loan Program each year is dependent on factors such as number of applicants, availability of contractors, and the ability of contractors to get the work done, all of which are out of the control of the Town. However, the Town does conduct outreach to obtain applicants and we continue to try alternative methods to get the word out about our programs.

During the 2023 program year, we saw an uptick in inquiries for assistance through our Housing Rehabilitation Loan Program. As of the end of the 2023 program year, approximately 100 households were waiting to participate in the program. In addition, our estimated housing rehabilitation goal was 25 households, between our HOME and CDBG funds we were able to complete 26 rehabilitation projects, with another 25 in process at the end of the program year.

**Discuss how these outcomes will impact future annual action plans.**

Based on the outcomes of 2023, and the fact that there is a strong need for Housing Rehabilitation Loans based on the current waiting list, program income from both the CDBG and HOME programs are focused toward the Housing Rehabilitation Loan Program.

**Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.**

<b>Number of Households Served</b>	<b>CDBG Actual</b>	<b>HOME Actual</b>
Extremely Low-income	23	0
Low-income	43	0
Moderate-income	11	0
<b>Total</b>	<b>77</b>	<b>0</b>

**Table 8 – Number of Households Served**

**Narrative Information**

Families are served through Town of Cheektowaga programs on a first-come, first-served basis and the range of income types varies from year to year. We continue to stress our Mobile Home Rehab Program and Owner-Occupied Rehab Program to reach the poorer homeowners in the Town and our mobile home parks. We have and will again participate in the Senior Star mailing with the Town Assessor’s office to reach our seniors, many of whom are low-income. As previously mentioned we also continue to execute a large variety of outreach measures to ensure we are informing the greatest number of residents in need.

**CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)**  
**Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:**

**Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

The Town of Cheektowaga is aware that there are people considered homeless living in Cheektowaga. Occasionally, the Cheektowaga Police Department come across people who are living in tents in wooded areas of the Town. Others that the police interact with also identify themselves as being homeless. Although it would be hard to quantify the number of homeless in Cheektowaga, there have been documented incidents where the Police Department has assisted people that they interact with in finding safe housing. Assistance has ranged from transporting these individuals to the Matt Urban Center, to linking them with service providers in the community who can assist with emergency needs, both mental and physical. In addition, the Police Department partners with Endeavor Health Services to provide behavioral health and crisis intervention services. The role of this individual is to not only provide additional expertise to police officers when responding to calls, but to further assist with linking individuals to necessary services, and to follow-up with people who have had interactions with the police to determine what steps can be taken for them to take positive steps forward.

**Addressing the emergency shelter and transitional housing needs of homeless persons**

The Town continues to participate in the region's homeless planning strategies and meetings with homeless service agencies. In addition, Town staff in the Office of Community Development continue to collaborate with all regional social service agencies and the Mobile Safety Net Team to stay up to date on existing service gaps, and as a result target funding more appropriately.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs**

Through the U.S. Department of Housing and Urban Development's Section 8 Existing and Project-Based Programs, vouchers are provided to low-income renters, thereby reducing their housing costs. This program is administered throughout the County of Erie by Belmont Housing Resources for WNY. In addition, it is our goal through social service agencies receiving CDBG funds, to provide linkages to assistance before shelter is needed.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

The Town offers a variety of programs to assist low-moderate income residents to remain in their primary residence. A variety of counseling services are provided through Belmont Housing Resources for WNY, Parachute Credit Counseling, and the Western New York Law Center to address housing needs and make changes to financial conditions to prevent foreclosure and homelessness.

In addition, reducing housing costs can make housing more affordable and thereby prevent homelessness. Community Development Block Grant and HOME Investment Partnership funds have been used to provide low-moderate income homeowners with low or no interest loans to correct minor and major deficiencies and/or code violations on their homes. Using Community Development Block Grant funds, the Town, in cooperation with Supportive Services Corporation, also provides a weatherization program to homeowners for a variety of energy saving improvements. These programs provide low-moderate income homeowners in the Town the funds necessary to make improvements and retain home ownership.

## **CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)**

**Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)**

In 2021, the Town of Cheektowaga took the first step towards mitigating public policy that presents itself as a barrier for the residential sector of the community by updating and adopting their Comprehensive Plan. This adoption was the first update in more than 25 years for the Town of Cheektowaga.

The updated plan identifies multiple areas of policy investment meant to accomplish two main themes. Eliminating barriers to affordable housing by providing more contextual sensitive policy, and using policy to create more complimentary surroundings. While no one set of policies will be the exact prescription to rectify aged policy impacts; of which was often rooted in dividing and discriminatory practices. It is the hope, that a collective of policy changes will begin to stitch back the residential fabric to communal nodes for a more cohesive sense of place. The Town, since the adoption of the plan, has engaged on multiple fronts to work on implementing this plan, with no true policy changes established at this time.

On one front, plan implementation can be seen by the collaboration efforts with GOBike Buffalo and the Greater Buffalo Niagara Regional Transportation Council (Regional MPO) to establish a feasibility study that laid the framework for expanding the Town's existing off road trail network for pedestrians and cyclists. If established this trail network would create connection points of access across multiple residential neighborhoods. Tying them into not only communal nodes of activity within, but also connecting Cheektowaga into the Western New York Regional network.

On a different front of plan implementation, the Town sponsored and received a Restore NY Communities Initiative grant for the creation of housing. This funding will be allocated towards the site preparation of a 73-unit mixed-use housing complex that is geared towards offering affordable housing. This project is meant to not only set precedent for alternative housing options, but is also geared towards acting as a catalyst for the communal gateway at the south end of Harlem Road.

Both of the aforementioned plan implementation projects may not be true policy changes for the community of Cheektowaga. However, they are real world demonstrations of how policy can impact the community and engage the residential stakeholder.

**Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)**

The Town of Cheektowaga continues to work with the Cheektowaga Community Collaborative to

identify unmet needs and identify solutions for our residents. Regular meetings are held to discuss changing community needs and how they can be addressed through the various social service partner agencies.

Accessibility issues for the frail elderly or for persons with physical disabilities represents another underserved need. In an effort to address this need, the Town continues to offer housing rehabilitation funds for accessibility modifications such as the addition of wheelchair ramps, handicap accessible bathrooms, kitchens, doorways, and/or ingress/egress modifications.

Finally, bank financing for home repair loans for low- and moderate-income persons reduces the amount of disposable income, with the potential of placing the low- and moderate-income person into poverty via high interest rates and costly payments. Therefore, the Town of Cheektowaga offers low or no interest loans to low- and moderate-income persons to make house improvements, with affordable monthly payments, or the potential for repayment upon sale of the house. This opportunity allows low-income homeowners to utilize their resources in other areas, and still maintain homeownership.

#### **Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)**

The Town of Cheektowaga has taken numerous steps toward the elimination of lead-based paint hazards by implementing procedures, including educating recipient homeowners on the dangers of lead-based paint hazards, and its prevention through onsite distribution of federally approved pamphlets and brochures.

In addition, all residential properties receiving rehabilitation assistance through the CDBG or HOME programs are screened by inspectors as to age of the structure, amount of peeling paint on the property, emergency work status, and whether or not a painted surface will be affected by the proposed rehabilitation work. After screening, a determination is made as to whether the subject property is required to be inspected for lead paint hazards. In most cases, a Risk Assessment is performed.

The hazards identified by the Risk Assessment are incorporated into the work write-up for the project and are addressed by a certified contractor through either interim controls or abatement, depending on the size of the job. Community Development Inspectors have been properly trained in identifying and dealing with lead paint hazards. Contractors participating in the Town's Rehabilitation Loan Program are required to become certified in order to assure the availability of qualified, trained, and competitive rehabilitation contractors.

During the past fiscal year, the Town of Cheektowaga evaluated, and where necessary, remediated lead contamination in 17 residential structures rehabilitated with CDBG and HOME funds.

#### **Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)**

The Town of Cheektowaga utilizes social service organizations, Community Development Block Grant (CDBG) funds, and HOME Investment Partnership funds, to provide social services and safe dwelling units. In addition to the programs, the Town has the Cheektowaga Economic Development Corporation that aims to create jobs in the commercial sector.

**Actions taken to develop institutional structure. 91.220(k); 91.320(j)**

The staff of the Community Development Office are continuously attending trainings, informational workshops, and conferences sponsored by HUD or HUD consultants regarding compliance, reporting, and regulatory issues. Such training opportunities have reinforced the Town's capacity to ensure compliance with program and planning requirements. Staff members have also attended sessions to identify other funds that may be available to supplement HUD funds. In addition, staff attends informational trainings offered by social service partners to better understand the big picture of what is going on in our community.

Finally, open conversations with not only local HUD staff, but also other community development professionals has served to strengthen the Town's compliance capabilities. The three Directors from the Amherst-Cheektowaga-Tonawanda HOME Consortium converse on a regular basis to review project status, discuss compliance issues, problems, and innovative programs.

**Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)**

To improve coordination between public and private housing and social service agencies, the Town's offices of Community Development, Senior Services, and Youth Services continue to participate in the Cheektowaga Community Collaborative (C3). This group continues to meet on a regular basis with local non-profit agencies and representatives from the local educational community (school districts and Villa Maria College) to detect potential gaps in services and educate each other about available service solutions.

**Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)**

The 2020 Analysis of Impediments to Fair Housing was created jointly through the efforts of the County of Erie, City of Buffalo, the Amherst-Cheektowaga-Tonawanda HOME Consortium, and the Town of Hamburg. In the report, the consultants identified a number of impediments and goals for overcoming those impediments. The Town's effort to address those issues are discussed below.

1. Suggested actions for expanding housing choice for members of the protected classes and other low-income households to areas outside of racially/ethnically concentrated areas of poverty include review zoning and land use to expand properties available for higher density/multi-family housing where appropriate, reduce minimum lot sizes for duplexes and multi-family development to reduce this as a

barrier to development of these properties, and consider allowing duplex development without architectural approval to reduce potential for delay and opportunities to deny this type of development. In an effort to address this goal, the Town of Cheektowaga is exploring the possibility of partnering with another local not-for profit to build modular homes at a reduced rate, that will fit on the smaller lots in the Town, therefore increasing not only the affordable options available, but allowing the Town to utilize vacant lots, that may otherwise not be feasible for new construction.

2. In an effort to continue to improve the quality of life in racially or ethnically concentrated areas of poverty through continued and/or expanded rehabilitation assistance, the Town continuously seeks and utilizes grant funds from the New York State Affordable Housing Corporation. These funds are provided to eligible homeowners in conjunction with HOME and CDBG funds, and will be given in the form a 40% loan, 60% grant format. In addition, CDBG Funds continue to be invested in these areas for infrastructure improvements in an effort to enhance safety and outward appearance in these neighborhoods.

3. In an effort to expand education and outreach efforts, the Office of Community Development has participated in taxpayer group meetings, mailed letters to individual residences affected by proposed capital projects, and continues to make informational posts on Town Social Media sites with the purpose of making as many families as possible aware of the programs supported with CDBG funds.

4. Our final goal is to support homeless service providers and the expansion of housing opportunities by reviewing ordinances to ensure transitional housing and other services are allowed in appropriate areas and provide additional support to homeless service providers. In an effort to achieve this goal, the Office of Community Development takes part in monthly meetings with the Homeless Alliance of Western New York to fully understand the issues at hand and what we can do to aid in the elimination of said issues.

## **CR-40 - Monitoring 91.220 and 91.230**

**Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements**

The Town monitors its sub-recipients and housing development agencies on an on-going basis, utilizing a project/activity checklist and a project control form to ensure compliance with program regulations. This along with on-site reviews are used to conduct performance evaluations and ensure annual compliance with the regulations. In addition, staff members have spent substantial hours reviewing and updating program policies and procedures, and created a sub-recipient manual to improve the management of our programs.

The Community Development Office also provides close oversight of several of our sub-recipients, including the Village of Depew, Village of Sloan, and the Cheektowaga Economic Development Corporation. Such close oversight consists of Town staff involvement with project planning and continuous conversations throughout project execution. We have also created a sub-recipient manual for these entities to provide additional opportunities for preventing compliance problems before they occur.

In response to minority business outreach, on an annual basis when trying to recruit new contractors to be a part of our program, the Office of Community Development obtains the New York State certified minority contractors list and mails letters requesting said contractors participate in our program.

## **Citizen Participation Plan 91.105(d); 91.115(d)**

**Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.**

The Town notifies citizens of the availability of the draft CAPER report through a notice published on the Town of Cheektowaga website, in the Cheektowaga Bee, the Town's official newspaper, and on Town Social Media sites. The Cheektowaga Bee is available free to the public in libraries, public buildings, commercial establishments, and at various street corner boxes.

The notice in the Cheektowaga Bee advises the public of the two annual public hearings about the Community Development programs and of the availability of the draft CAPER for review in both local

libraries, the Town Clerk's Office, the Villages of Depew and Sloan Clerk's Office, and the Community Development Office. Public access to the CAPER is enhanced by posting this document on the Town's website for easy access at [www.tocny.org](http://www.tocny.org) under the Community Development Department page.

In accordance with our Citizen Participation Plan and the regulations, the documents filed identify the Federal funds available and spent, both grant and program income, and other required information. The CAPER narrative identifies cost by low-income area.

### **CR-45 - CDBG 91.520(c)**

**Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.**

Over the last couple of years, the priorities of the Town continue to focus on assistance to basic human services, such as food pantry assistance, outreach assistance for senior citizens, youth programming, and housing support services. In addition, the Town has seen an uptick in the need for the Emergency Housing Rehabilitation Loan Program. As a result the Office of Community and Economic Development, continues to fund public services to its maximum capability and focuses its rehab efforts on those residents with housing emergencies as defined in our policies and procedures, and maintains approximately a one year wait list for our Moderate Housing Rehabilitation Program.

Focus also continues on the acquisition/rehabilitation/resale to first-time homebuyers program in many of the neighborhoods bordering the City of Buffalo through the HOME Investment Partnership Program. Existing single-family homes are acquired from banks, negligent property owners, and sometimes with the assistance of the Buffalo Erie Niagara Land Improvement Corp. (Land Bank). The land bank acquires such properties on the Town's behalf with their super bid ability (first right to acquire) and sells it to the Town for current value. This program turns delinquent, vacant, and dilapidated properties into fully renovated affordable housing for purchase by a low/moderate income first-time homebuyer.

As a result the Office of Community and Economic Development, continues to fund public services to its maximum capability and focuses its rehab efforts on those residents with housing emergencies as defined in our policies and procedures, and maintains approximately a one year wait list for our Moderate Housing Rehabilitation Program.

Focus also continues on the acquisition/rehabilitation/resale to first-time homebuyers program in many of the neighborhoods bordering the City of Buffalo through the HOME Investment Partnership Program. Existing single-family homes are acquired from banks, negligent property owners, and sometimes with the assistance of the Buffalo Erie Niagara Land Improvement Corp. (Land Bank). The land bank acquires such properties on the Town’s behalf with their super bid ability (first right to acquire) and sells it to the Town for current value. This program turns delinquent, vacant, and dilapidated properties into fully renovated affordable housing for purchase by a low/moderate income first-time homebuyer.

**Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?**
